

Does your child have a disability?

Join MyTime, MyPlace - live video peer support groups for parents and carers.

Learning Links and MyTime are running a pilot project of scheduled online support groups.

Delivered via a live video platform, the groups are for parents and carers in NSW of children aged 0-18 years old that have a disability, developmental delay or chronic medical condition.

MyTime, MyPlace will give you the opportunity to share your experiences with others who 'get it', learn about services and supports available to you, ask questions, and gain access to trusted and reliable information - all from the comfort of your own home.

Best of all, it's free.
